```
E                                               F#m/A  B  F#m/B  B
There's talk on the streets, it sounds so familiar.
A          B                    E
Great expectations, everybody's watchin' you.
                                      F#m/B  B  F#m7  B
The people you meet, they all seem to know you.
A          B                          E          Absus4  Ab7
Even your old friends treat you like your somethin' new.

CHORUS:
C#m           F#   C#m             F#
Johnny-come-lately, the new kid in town,
C#m       F#      F#m7            B7
Everybody loves you, so don't let them down.

You look in her eyes, the music begins to play.
Hopeless romantics, here we go again.
But after a while, you're lookin' the other way.
It's those restless hearts that never mend.

CHORUS:   [new last line:  Will she still love you when you're not around?]

BRIDGE:
B7                                        E
There's so many things that you should have told her.
B7                                        C#m
But night after night, you're willing to hold her,
    B/F#  F#7  Am7          C/D  D
Just hold her, tears on your shoulder.

G                                     Am7     D    Am7   D
There's talk on the streets it's there to remind you;
C         D               G
Doesn't really matter which side you're on.
                                Am7     D    Am7   D    D7
You're walkin' away, and they're talkin' behind you.
          C                 D                G          B7
They will never forget you till somebody soon comes along.

CHORUS:
Em7           A      Em7                 A
Where you been lately? There's a new kid in town.
Em7       A                   Am7            B7            E       G#m7  A
Everybody loves him. (don't they?) Now, he's holdin' her, and you're still around.
B7                    E       G#m7       A
There's a new kid in town
B7                    E         G#m7     A     Am7
Just another new kid in town
E                         C#m
Everybody's talkin' bout the new kid in town
