

No Place To Go

Words & Music:
Chester Burnett ("Howlin' Wolf")
(Recorded by Peter Green's Fleetwood Mac)

I'm still searching for the chords to this.

How many more year have you got to wreck my life?
How many more year have you got to wreck my life?
Well, the way you done me, gonna wreck my life.

How many more time you gonna treat me like you do?
How many more time you gonna treat me like you do?
You spend all my money, all my lovin', too.

Now, I'm old and grey; got no place to go.
Now, I'm old and grey; got no place to go.
You got yourself a youngster, you can't stand me no more.
