

Cook With Honey

Words & Music:
Valerie Carter

Riff vamp for whole song: D G7 [or just G, if you prefer]

D G
Muffin warm and basket brown,
Smiling faces gathered 'round our dinner table
Close together hand-in-hand.

CHORUS:

I always cook with honey, to sweeten up the night;
We always cook with honey, tell me how's your appetite,
For some sweet love? For some sweet love.

Finding favor with your neighbor, well it can be so fine;
And it's easier than pie to be kind.
We've been searching for so long,
And now our house is turned into a home.

CHORUS:

Well our door is always open, and there's surely room for more;
'Cause cooking where there's good love is never any chore.
So come and get to know us, there'll be a place set just for you;
And sweet wine before dinner, that'll surely soothe.

CHORUS:

For some sweet love, for some sweet love. *[repeat 4x]*
